

Presidential Park Progress Update December 19, 2024

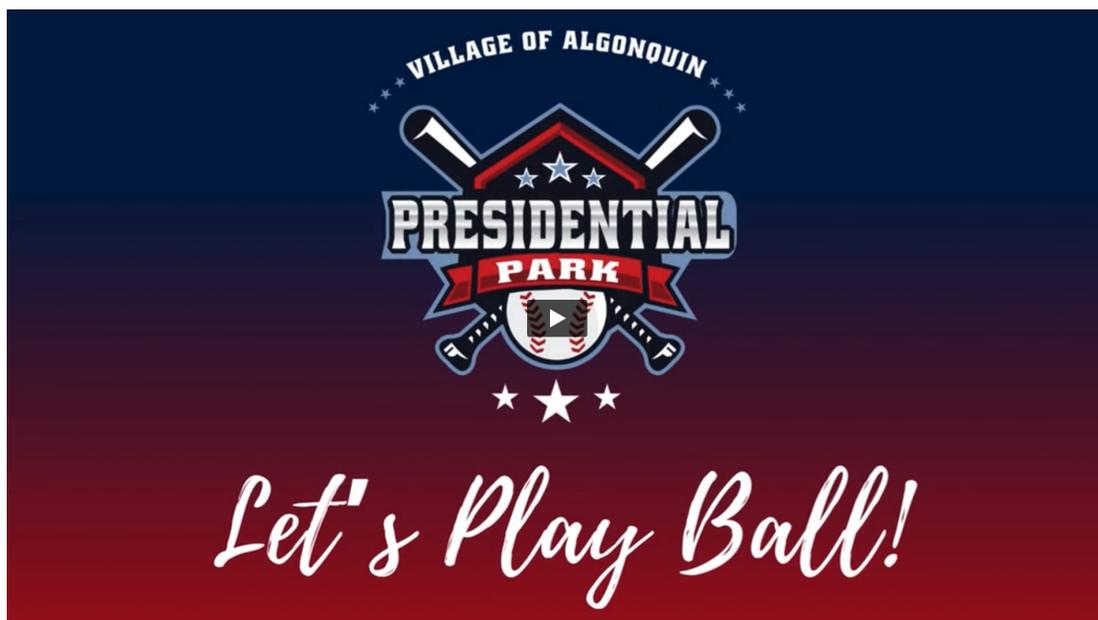

It's the Top of the 9th Inning!

The Presidential Park Reconstruction Project has made significant progress this year, including the installation of three state-of-the-art baseball fields, brand-new playground equipment, and much more!

As we move into the holiday season, the contractor will continue with concrete and masonry work, and complete miscellaneous punch-list items, weather permitting. Please note that no work is anticipated over the next two weeks due to the upcoming holidays. Work will slow as winter weather sets in and will resume in full force early next spring to complete the project's final steps.

This project is designed to provide a safe, accessible, and fun space for the entire community. We look forward to the park's reopening with Algonquin's all-stars take the field.

Check out the video below to see the latest progress and another grand slam for this exciting project!
