

Presidential Park Construction Update July 31, 2024

Ready, set, go! The contractor has been preparing for curb and sidewalk pours around the main playground, fitness playground, and challenge course. Playground equipment is also being installed. This variety of safe and entertaining play structures will provide fun for all ages!

The contractor also installed baseball field lighting poles to keep the park well lit during future baseball games and other events.

Next week, the contractor will continue with concrete pours, plumbing work, and roof truss installations on the new storage and restroom facilities.

Baseball field lighting installation

Fitness playground installation

Facility roof truss installation
