

Presidential Park Construction Update September 11, 2024

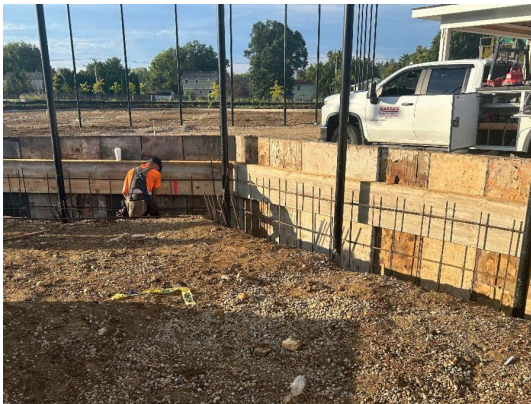

Batter up, at Presidential Park!

Recently, the contractor has been excavating in preparation for upcoming concrete pours throughout the project area! The contractor has also made progress on the siding for the new storage and restroom facilities and completed:

- Baseball field posts installation
- Championship field dugout concrete pours

Next week, the baseball fields will get new life as the contractor will place the aggregate base for the artificial turf surfaces and installs the scoreboard and foul poles for a state-of-the-art baseball facility for our future All Stars!

Progress on one of the baseball field dugouts

Siding for storage and restroom facilities
