

# Towne Park News

The Village of Algonquin is thrilled to announce the start of the Towne Park Reconstruction Project!

## Construction Updates

---

June 19, 2024

This week the contractor installed construction fencing around the park and removed existing electrical fixtures. The contractor also removed the memorial paver bricks, the paver bricks are being stored with the Algonquin Public Works Department for safe keeping until it is time for their reinstallation.

Last week, the contractor began tree and playground removal. In the coming weeks, the contractor will begin demolition of the remaining existing structures in the park to prepare for the new improvements including the following:

- New natured themed, custom creative play space with rubber surfacing
- New bandshell with storage space
- New combined building with pavilion shelter and restrooms
- Renovation of existing restroom building in south parking lot
- Entryway signage

We invite you to check out the project website to view the project plans, proposed improvements, and renderings of the park improvements.

## Proposed Improvements

---

Proposed New Bandshell

Proposed New Bandshell
